# BENEFITS

## All in one

Whatever you need, Toshiba's monochrome printing systems are there to support you. Packed with multifunctional potential the e-STUDIO2309A/2809A deliver outstanding performance. Brilliant prints, crystal-clear colour scans and quick copies are packed in stylish design. Add the optional fax and these systems can meet all demands of a modern office environment.

With an output speed of 23 or 28 pages per minute and as many as up to five different paper sources these models are capable of supporting an entire workgroup. The total paper capacity of up to 1,700 sheets for A5 to A3 format ensures smooth operation without the need to constantly add paper.

## Connectivity

Both systems can easily be integrated into existing networks. The standard network capability can be extended with the optional Wireless LAN module, which gives you more flexibility.

Various colour scan functions, such as Scan to USB, Scan to E-Mail or Scan to Folder, let you easily share and manage your electronic documents.

## Ease-of-use

The intuitive user interface provides the highest possible efficiency when operating these new systems. Logical key configuration and a clearly structured menu allow users to enjoy all benefits right from the start.

We are aware that each company has individual needs and requirements. Therefore, the e-STUDIO2309A/2809A were designed to adjust to your demands. Thanks to a flexible configuration they offer optimal efficiency.

Take advantage of the versatile functionality to enhance your productivity.
